

Fourth Quarter 2025 – Closed Captioning Certification

Newsmax Broadcasting, LLC

Newsmax Broadcasting, LLC currently meets requirements set by the Federal Communications Commission (FCC) requirement of Closed Captioning (See 47 C.F.R. § 79.1) for the period from October 1, 2025 to December 31, 2025. Newsmax TV uses a service by EEG called Lexi, which is a cloud based system that translates the speech to text, then sends it to an EEG encoder model HD 490, which embeds the captioning into our broadcast stream that is then distributed to our linear and digital partners.

Newsmax Broadcasting is required by the Twenty-first Century Communications and Video Accessibility Act of 2010 (CVAA) to have Closed Captioning when we stream. As stated in the paragraph above, Newsmax Broadcasting, LLC currently complies with the requirement set forth in CVAA and embeds the captioning into our broadcast stream.
